**§ 117.1 Investigation of marine accidents.**

(a) Whenever, within Panama Canal waters, including the locks of the Canal, a vessel, or its cargo, crew, or passenger, meets with a serious marine accident, or whenever, within the harbors, anchorages, and areas adjacent thereto, including the ports of Balboa and Cristobal, there is a serious marine accident involving Commission personnel or equipment, the Board of Local Inspectors shall promptly investigate in detail the conditions and circumstances under which such accident occurred.

(b) Any other marine accident occurring in such waters may be investigated by the Board at the discretion of the Supervising Inspector.

(c) The Master of a vessel involved in a marine accident may request an investigation of an accident not considered by the Board to fall within paragraph (a) of this section. The request must be addressed to the Supervising Inspector or the Chairman of the Board, and must be in writing. If the Master does not so request such an investigation in writing, he shall be deemed to have waived all rights to the investigation called for by section 1417, Pub. L. 96-70, 93 Stat. 487, which provides that a claim may not be considered by the Panama Canal Commission, or an action for damages lie thereon,

unless, prior to the departure from the Panama Canal of the vessel involved:

(1) The investigation by the competent authorities of the accident or injury giving rise to the claim has been completed; and,

(2) The basis for the claim has been laid before the Commission.

(d) For the purpose of this section, the term “serious marine accident” includes:

(1) Any accident involving substantial damage to any structure, plant, or equipment of the Panama Canal Commission or the United States; and

(2) Any accident (i) involving death or resulting in personal injury that requires admission of a person to a hospital as a bed patient; or (ii) resulting in damages to a vessel which require the making of repairs prior to the vessel's departure from the Canal; *Provided that* the Supervising Inspector or his designee has reason to believe that personnel or equipment of the Panama Canal Commission were then aboard or were assisting the vessel involved in the accident or were situated (aboard another vessel, ashore or otherwise) so as to have been a factor in the accident.

CROSS REFERENCE: Compelling attendance and testimony of witnesses and production of books and papers by Board, see section 1418, Pub. L. 96–70, 93 Stat. 487.

#### § 117.1a Scheduling of investigations.

(a) Marine-accident investigations shall be scheduled so as to afford pilots and other parties in interest a period of time not less than that provided below for rest and consultation prior to the commencement of an investigation:

Relief time	Time of investigation
0000–0400 .....	1400–1800 (12 hours minimum)
0400–0800 .....	1600–2000 (12 hours minimum)
0800–1200 .....	1800–2200 (10 hours minimum)
1200–1600 .....	0800 Next Day.
1600–2000 .....	1000 Next Day.
2000–2400 .....	1000 Next Day.

(b) The column “Relief Time”, set out in paragraph (a) of this section, indicates the period during which the pilot or other party in interest completed the transit during which an accident occurred or the time at which he was relieved of duty following the occurrence of an accident. The column

“Time of Investigation”, set out in paragraph (a) of this section, indicates the earliest time at which the investigation may be scheduled. In exceptional cases a departure from this schedule may be made, as for example in the case of warships or other vessels that have an imperative need to resume the voyage as soon as possible. Unless a pilot or other party in interest requests the time provided in this schedule, the hearing may be set for an earlier hour.

The Board shall advise all parties in interest of such rights.

#### § 117.2 Change in physical status of property affected by accident forbidden.

In the event of a marine accident or casualty affecting any property in Panama Canal waters, or waters adjacent thereto, or any property owned or operated by the Panama Canal Commission or the United States, which imposes on the Board an obligation to investigate, no change in the physical status of the property affected by the accident or casualty may be made or permitted prior to inspection by properly constituted authority, unless such change in status be imperative in order to preserve life or property.

#### § 117.3 Reports by Board to the Administrator.

The Board shall make reports forthwith in detail to the Administrator of all marine-accident investigations conducted by it, setting forth the facts and circumstances surrounding the accident and bearing upon its proximate causation, the nature and extent of the injury and the amount of damages, if any, occasioned by such injury.
